

A NEWSLETTER FOR THE CUSTOMERS OF RÖCHLING ENGINEERING PLASTICS LTD.

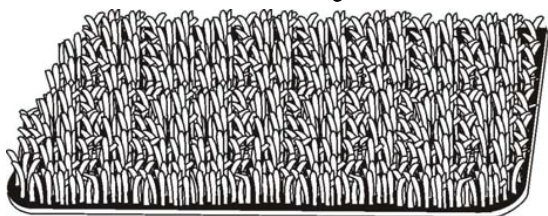

A Year Later...

Our transition into Röchling Engineering Plastics Ltd. has been successful, and made us stronger as part of the global Röchling family. Efforts have been focused on expanding the PE2PRINT® - HDPE manufacturing capabilities and distribution customer base. To serve you better, we have recently added a new shipping point in *Tonawanda, NY, 14217*, in addition to *Gastonia, NC, 28053* and *Orangeville, ON, L9W 3K3*. We are pleased to announce some changes to our standard color line up. This spring marks the introduction of our new '*gardencollection*' PE2PRINT® - HDPE colors.

Industrial AstroTurf® Sheet

We have been surprised with the creative ideas that customers have for this material, since the introduction of this product last year.

This is one of those materials that finds itself in applications limited only by your imagination.

For more information and a sample of Industrial AstroTurf® Sheet, please contact our sales office.

AstroTurf AstroTurf® is a registered trademark used under license from Solutia Inc as a licensee to AstroTurf, LLC.

gardencollection

Our new collection was inspired by the tranquil colors found in nature.

Sage - GN66
Cornflower Blue - B74
Rose - R43
Lavender - R60

Extruded PE2PRINT® - HDPE sheet
Stocked in .035 gauge x 34.5" x 48.5"

Prices are per your stock pricelist.

WHAT MAKES SELLING PE2PRINT® - HDPE EASY...

- Tough & Durable
- Striking range of colors
- Cost effective

DID YOU KNOW?

- PE2PRINT® - HDPE is known for its living-hinge characteristics. Optimal hinge strength is achieved when creasing (coining) against the machine direction (grain) with heat.

POPULAR APPLICATION

PE2PRINT® - HDPE with added UV stabilizers is a great alternative to small format aluminum outdoor signage. Some growing market applications include security and electric fence signage, in addition to park, ATV and snowmobile trail markers.

CUSTOM EVERYTHING

For a minimum order as little as 1,000 lbs of PE2PRINT® - HDPE, you can order your custom size, gauge and color of material either cut-to-size or extruded.

© PE2PRINT® is a Trade Name of Röchling Engineering Plastics Ltd.
